Samvardhana Motherson Peguform (SMP) is a leading expert in high quality interior and exterior modules for the automotive industry. SMP's first US facility, and only location of its kind will begin production in Tuscaloosa, AL in September 2018. The Company is a member of the Samvardhana Motherson Group, one of the 26 largest automotive suppliers worldwide. The Group was founded in India in 1975, and is today one of the world's fastest growing automotive component makers. SMP develops and manufactures plastic parts and highly integrated modules for the automotive industry. As specialist in cockpits, door panels, bumper modules and innovative plastic vehicle body parts, SMP has successfully established a footprint in Europe, North America, South America and Asia supplying well-known automotive manufacturers. Given our fast growth, we are constantly looking for talented new colleagues to become part of our team.

Interesting and challenging tasks with a high level of individual responsibility, good development opportunities in a growing global company and a benefits package including medical, dental, vision, life insurances, short and long term disability coverage, paid vacation and holidays and more!
