

Product Manager

40 darbo laikas - Klaipėda, Lithuania

PKC Group Lithuania is one of the largest manufacturing companies in Lithuania, based in Panevėžys and Klaipėda regions. In 2017, the company became a member of the Motherson Group, one of the 15 largest automotive suppliers worldwide. The Group operates in 44 countries around the world, employing over 190,000 people. We offer tailored and cost-effective solutions to our customers. The knowledge and skills of our employees enable us to meet the complex requirements of our customers, giving us a competitive advantage in the global market. Well-trained and dedicated employees are the key to our success. PKC Group Lithuania is expanding its activities and invites motivated and goal-oriented employees who appreciate the value of teamwork, responsibility and mutual respect.

Ką darysite

Your tasks

- Solve technical and organizational issues in a complex automotive environment, ensuring compliance with internal and external standards.
