

# Product Manager

Wiring Harness - PKC Group - Klaipėda, Lithuania

At Motherson, we're committed to creating long-term jobs and advancing global careers. Featured on TIME's World's Best Companies list, we are a diversified global design, engineering, manufacturing, assembly and logistics specialist, delivering full-system solutions to customers across industries. With a focus on innovation, quality and sustainability, we strive to be a trusted industrialisation partner and an employer that nurtures a diverse, inclusive workplace.

Our Wiring Harness division powers vehicles, machinery, and equipment across automotive and non-automotive sectors. We design and produce reliable wiring systems for seamless power and data transfer. Join us to work with experts, leverage advanced technology, and shape the future of connectivity.

## Darbo pobūdis

### Your tasks

- Solve technical and organizational issues in a complex automotive environment, ensuring compliance with internal and external standards.
- Ensure successful product launches while maintaining long-term customer engineering relationships.
- Participate in customer-nominated and internal development projects.
- Analyze product specifications and deviations, contributing to cost, quality, and timeline management.
- Actively support serial production and take part in internal operational processes.
- Stay up to date with the latest trends and manufacturing methods in the automotive wiring harness industry.

## Reikalavimai
