Experienced

Master Material Planner

Full Time - Integrated Assemblies - Motherson Sequencing and Assembly Services (MSAS) - Chattanooga, USA

At Motherson, we're committed to creating long-term jobs and advancing global careers. Featured on TIME's World's Best Companies list, we are a diversified global design, engineering, manufacturing, assembly and logistics specialist, delivering full-system solutions to customers across industries. With a focus on innovation, quality and sustainability, we strive to be a trusted industrialisation partner and an employer that nurtures a diverse, inclusive workplace.

Our Integrated Assemblies division leads in automotive innovation, specialising in premium module assembly and cockpit module integration. We collaborate with customers to deliver cutting-edge solutions supporting electrification. Join us to work with advanced technology and shape the future of automotive innovation.

What you'll do

Direct and coordinate material requirements planning (MRP) to support automotive production schedules. Manage production priorities based on customer demand, material availability, and business needs. Oversee inventory, safety stock, reorder points, and buffer stock to balance cost and production requirements. Coordinate supplier communications, transportation, and issue resolution. Authorize inventory adjustments and implement inventory reduction strategies. Collaborate with suppliers to ensure on-time delivery and resolve shortages or disruptions. Monitor supplier performance and recovery claims, lead cycle counts and 8D analysis, track KPIs, maintain PC&L master data, oversee engineering changes and stock accuracy, and validate packaging and returnable packaging processes for mass production.

What we are looking for

- Bachelor's degree in International Business, Industrial Engineering, Supply Chain, related field, or foreign equivalent.
- Plus 3 years of experience in material planning, supply chain, or logistics in the automotive industry.
- Experience must include material planning and transportation (sea and ground freight), SAP ERP systems, launching new interior automotive component projects, and supplier mediation or negotiation.

What we offer

- A pleasant working atmosphere, with good career opportunities.
- Build knowledge with varied and exciting assignments.
- Be part of a values-driven culture based on Interest for each other : Togetherness, Trust, Respect, and Enthusiasm.

LOCATION OF EMPLOYMENT: 8007 Volkswagen Drive, Suite 153, Chattanooga, TN 37416.
