Experienced

# Business Systems Specialist

Full Time - Wiring Harness - PKC Group - Kempele, Finland

At Motherson, we're committed to creating long-term jobs and advancing global careers. Featured on TIME's World's Best Companies list, we are a diversified global design, engineering, manufacturing, assembly and logistics specialist, delivering full-system solutions to customers across industries. With a focus on innovation, quality and sustainability, we strive to be a trusted industrialisation partner and an employer that nurtures a diverse, inclusive workplace.

Our Wiring Harness division powers vehicles, machinery, and equipment across automotive and non-automotive sectors. We design and produce reliable wiring systems for seamless power and data transfer. Join us to work with experts, leverage advanced technology, and shape the future of connectivity.

## What you'll do

- Take part into development projects and process support projects/tasks in cooperation with system providers and internal stakeholders
- Control the approval flow as part of the project plan
- Participate in onsite system / development implementations for factories
- Prepare written specifications to system providers together with master key users and business functions
- Test the system's capabilities to ensure it operates according to the specifications and instructions
- Prepare a list of corrections for the supplier while following up the progress
- Support / create written functional instructions in cooperation with relevant stakeholders
- Prepare and update training materials and provide training for business stakeholders
- Support users and the helpdesk team in one's own responsibility areas

## What we are looking for

- M.Sc. or B.Sc. degree in Computer Science, Engineering, IT, or equivalent education
- Ability to approach problems and solve them in an analytical matter
- Good teamwork skills and excellent co-operation and communication skills
- Good training skills
- Fluent English language skills, both written and spoken
- Ability and readiness to occasionally travel globally
- Earlier work experience with business process knowledge is considered a strong advantage

## What we offer

- A meaningful role in a global, industry leading organisation
- Opportunities to grow through cross regional projects and hands on development work
- A supportive, collaborative culture that promotes expertise and ownership
- Long term career prospects within the Motherson Group
- Supportive colleagues and a collaborative culture where teamwork and sharing knowledge are part of everyday life
- Competitive Employee benefits package
