

Experienced

Assistant Manager Glass Line

Chennai, India

This position replacement for Mr. ESWARAN C - Assistant Manager

What you'll do

1. Supervise daily operations of the glass line, ensuring smooth workflow and adherence to production schedules.
2. Apply technical expertise in: Sputtering process for coating applications, Glass bending process for shaping and forming.
3. Glass cutting process for precision sizing & Glass grinding & chamfering process for finishing and edge quality.
4. Monitor and maintain production quality standards, minimizing defects and optimizing yield.
5. Utilize SAP for production planning, inventory management, and reporting.
6. Handle manpower allocation, shift planning, and performance monitoring.
7. Support continuous improvement initiatives to enhance efficiency and reduce costs.
8. Ensure compliance with safety protocols and environmental regulations.
9. Collaborate with cross-functional teams (maintenance, quality, engineering) to resolve issues quickly.

What we are looking for

1. Bachelor's/Diploma in Mechanical, Production, or Materials Engineering.
2. 8-10 years of experience in glass manufacturing or related industries.
3. Strong knowledge of sputtering, bending, cutting, grinding, and chamfering processes & Proficiency in SAP and other production management tools

What we offer

The team is growing at the same time our Group grows. Therefore, there are many opportunities for you to grow with us!
