

Engineering & Technical

Expérimentés

Industrial Engineer - Tightening Expert (M/F/D)

Full Time - Mladá Boleslav, Czech Republic

The Motherson Group is one of the 15 largest full system solutions providers to the global automotive industry, serving multiple further industries, such as rolling stock, aerospace, medical, IT, and logistics, with over 190,000 employees across 44 countries worldwide.

We are looking for a global leader for performance improvement of tightening process.

Votre mission

- Follow plants performance and improvement plans, propose technical alternatives, review in detail tightening traces
- Identify potential savings in assembly processes (time and cost)
- Define and deploy corporate engineering standards for tightening processes. Update all assembly process related documents (ex. tightening list, MTM, Flow Charts)
- Definition of the tightening hardware/software needed for new projects and green fields
- Collaborate with procurement team to define standard equipment
- Translate customer and internal requirements into tightening equipment specifications
- Creation of technical specification for new tightening equipment (RFQs)
- Organise workshops, trainings to share and develop tightening expertise
- Problem solving: provide solutions and support plants finding root causes, complete 8Ds and reverse PFMEA, deploy lessons learned
- Contribute to tightening global roadmap

Votre profil

Master degree in mechanical engineering or equivalent.

Experience in automotive industry (3-5 years) Experienced in Tightening process technology (ideally in plastics process assembly).

Knowledge of continuous improvement methodologies (Lean Manufacturing ; 6 Sigma) and ability to analyse and optimise complex assembly processes.

Team or multi plant project management experience.

Ability to communicate effectively to all levels.

Fluent in english.

Notre offre

A pleasant working atmosphere, with good career opportunity.

Build knowledge with exciting and varied assignments.

We show our commitment to our people via the following values:

Interest for each other, Togetherness, Trust, Respect, Enthusiasm.
