

Quality Management

Experienced

PPAP Coordinator

Full Time - Wiring Harness - MSSL Wiring System INC. (MWSI) - Chihuahua, Mexico

At Motherson, we're committed to creating long-term jobs and advancing global careers. Featured on TIME's World's Best Companies list, we are a diversified global design, engineering, manufacturing, assembly and logistics specialist, delivering full-system solutions to customers across industries. With a focus on innovation, quality and sustainability, we strive to be a trusted industrialisation partner and an employer that nurtures a diverse, inclusive workplace.

Our Wiring Harness division powers vehicles, machinery, and equipment across automotive and non-automotive sectors. We design and produce reliable wiring systems for seamless power and data transfer. Join us to work with experts, leverage advanced technology, and shape the future of connectivity.

What you'll do

- Coordinate and supervise the inspection of prototype, service, and PPAP parts.
- Ensure that the inspectors in the prototype and PPAP area have the necessary resources to perform their work.
- Gather all the necessary documentation accompanying the inspected parts for PPAP submission.
- Define rework inspections when defects are found in prototype, PPAP, and service parts.
- Verify that the necessary conditions are met for PPAP development: trained and certified personnel, and adherence to prototype area methods.
- Maintain control and work plan to define priorities and status of part numbers being inspected in the prototype area.
- Participate in meetings with the New Product Introduction (Program Management) department and engineering changes.
- Coordinate, document, and follow up on actions derived from quality problems in products during Prototype, PPAP, and Service stages.
