Experienced

Global Automation and Innovation Manager Logistics

Full Time - Integrated Assemblies - Motherson Sequencing and Assembly Services (MSAS) - Bratislava, Slovakia

At Motherson, we're committed to creating long-term jobs and advancing global careers. Featured on TIME's World's Best Companies list, we are a diversified global design, engineering, manufacturing, assembly and logistics specialist, delivering full-system solutions to customers across industries. With a focus on innovation, quality and sustainability, we strive to be a trusted industrialisation partner and an employer that nurtures a diverse, inclusive workplace.

Our Integrated Assemblies division leads in automotive innovation, specialising in premium module assembly and cockpit module integration. We collaborate with customers to deliver cutting-edge solutions supporting electrification. Join us to work with advanced technology and shape the future of automotive innovation.

What you'll do

Global Automation and Innovation Manager Logistics is a key driver of transformation by shaping the future of logistics through automation and innovation across our global operations. Lead impactful initiatives that enhance efficiency, introduce cutting-edge technologies, and create smarter, more sustainable supply chain solutions.

- Lead global logistics automation strategy and roadmap across all plants
- Identify opportunities and deliver innovative automation solutions
- Track performance, report to senior management, and drive improvements
- Manage projects, budgets, and external partners during implementation
- Support and develop team capabilities and ensure knowledge sharing across regions
- Drive automation, digitalization, and new technologies in logistics globally with core focus on AGVs, automated warehouses, robotic handling, etc. (Industry 4.0)

What we are looking for

- Master's degree in Industrial Engineering, Supply Chain, or related field
- Strong operations and project experience
- Proven leadership skills Experience in multicultural environments
- Advanced English (German is a plus)
- Analytical mindset and strong data skills
- Customer-oriented and team player
- Proactive and able to work independently
- Willingness to travel

What we offer

- Compensation system with regular bonuses
- Company car
- Contribution to supplementary pension savings
- Opportunities for career growth and further education
- Pleasant working environment and friendly team
- Company events and additional benefits
