

Engineering & Technical

Entry level

Senior Costing Engineer

Full Time - Wiring Harness - PKC Group - Panevėžys, Lithuania

At Motherson, we're committed to creating long-term jobs and advancing global careers. Featured on TIME's World's Best Companies list, we are a diversified global design, engineering, manufacturing, assembly and logistics specialist, delivering full-system solutions to customers across industries. With a focus on innovation, quality and sustainability, we strive to be a trusted industrialisation partner and an employer that nurtures a diverse, inclusive workplace.

Our Wiring Harness division powers vehicles, machinery, and equipment across automotive and non-automotive sectors. We design and produce reliable wiring systems for seamless power and data transfer. Join us to work with experts, leverage advanced technology, and shape the future of connectivity.

What you'll do

What you'll do

- Create Global Part Numbers (GPN) based on technical data sheets and drawings.
- Prepare Bills of Materials (BOM) based on customer designs and standards.
- Manage material data and structures in COP and ERP systems.
- Resolve technical issues related to structures and components.
- Ensure compliance with customer requirements and standards when preparing proposals and estimates.
- Manage product engineering changes and coordinate communication.
- Follow RFQ, ECO and other processes and contribute to their improvement.
