Material Planner

Full Time - Saltillo, Mexico

The Motherson Group is one of the 15 largest and fastest growing full system solutions providers to the global automotive industry, serving multiple further industries, such as rolling stock, aerospace, medical, IT, and logistics, with over 190,000 employees across 44 countries worldwide. Motherson SAS specializes in the assembly, logistics, and development of modules for motor vehicles and trucks. We deliver high quality as well as innovative and customer-specific modules precisely when the customer needs them, down to the second. Motherson SAS is a leader in quality, performance and reliability for both people and the Environment. Our plant located in Puebla is looking for a highly motivated and results-driven IT Engineer to join our team!

Su tarea

Ensure material availability and promptly resolve supply shortages. Plan optimal inventory levels to support each project or operation while maintaining service levels and minimizing inventory investment through effective Material Requirements Planning (MRP). Manage material inventory according to defined parameters to meet the company's financial goals. Oversee material shelf life to prevent obsolescence or slow-moving stock and ensure alignment with established objectives.

- Monitor and manage stock levels
- Coordinate transportation scheduling and delivery time windows
- Implement ASN systems across all suppliers
- Manage critical situations related to parts procurement
- Perform MRP calculations
- Control internal, secured, and in-transit inventory
- Ensure material availability and resolve supply shortages effectively

Perfil deseado

Profile Summary – Skills and Knowledge Requirements

- Experience in the automotive industry, specifically in supply chain management
- Bachelor's degree in Engineering or related field
- Background in materials planning, logistics, and supply chain administration
- Proficient in Microsoft Office applications, especially Excel
- Strong understanding and experience in ERP and MRP systems (SAP preferred)
- Knowledge of transportation standards and logistics requirements

Qué ofrecemos

A pleasant working atmosphere, with good career opportunities.

Build knowledge with exciting and varied assignments.

We show our commitment to our people via the following values:

Interest for each other: We act with empathy and care about each other and our counterparts.

Togetherness: We work together collaboratively and selflessly.

Trust: We say what we mean, keep our promises, and treat others with respect.

Respect: We respect and value people of all backgrounds.

Enthusiasm: We are curious, ambitious, passionate, humble, and life-long learners.
