- Establish and run project governance and steering forums
- Drive implementation across manufacturing, supply chain, engineering, and finance
- Manage risks, issues, dependencies, and change requests
- Manage implementation partners and vendors
- Drive stakeholder alignment, change management, and user adoption

What we are looking for

- Proven experience in leading international ERP implementations
- Strong understanding of order fulfilment process
- Experience with ERP-driven processes, such as planning, production, supply chain, quality, and finance
- Strong project management, stakeholder management, and communication skills
- Comfortable working in complex, multi-site, multicultural environments
- Fluent in English (written and spoken)
- Willingness to occasionally travel globally

What we offer

- A strategic and impactful role in a global, industry leading organisation
- Opportunities to grow through global projects
- A supportive, collaborative culture that promotes expertise and ownership
- Long term career prospects within the Motherson Group
- Supportive and collaborative international team focused on continuous improvement and innovation
